VETERAN LOAN BILL UP IN SENATE TOMORROW

Pennsylvania Line in Huge Improvement Plan

IS TO SPEND SUM OF \$175,000,000 IN TWO AND HALF YEARS

DECLARES ITS FIRM BELIEF IN THE FUTURE OF THE COUNTRY

"INEVITABLE RESTORATION" OF BUSINESS ACTIVITY SURE TO COME

New York, Feb. 18.—(U.P.)—The Pennsylvania railroad, declaring its firm belief in the future of the country and the "inevitable restoration" of business activity, has announced a \$175,000,000 program of improvements, originally scheduled to be spread over four years, will be completed in two and one half years.

During 1930, the statement said, \$106,000,000 was spent on construction work, instead of the \$90,000,000 originally planned.

Among the projects scheduled for the next two and a half years are:

Electrification of the remaining portions of all lines of track between New York and Washington.

Extensive improvements at Baltimore, including the removal of numerous grade crossings and the building of new four-track tunnels into and out of Baltimore.

NEW DEFENDS HIS ADMINISTRATION OF POSTAL LEASES

Washington, Feb. 18.—(U.P.)—Harry S. New, former postmaster general, testifying today before the senate subcommittee investigating postal leases, defended his administration of leases as "careful, painstaking and conscientious."

He said 11 awards of leasing contracts for post office sub-stations were reviewed by various departmental heads, including John H. Bartlett, former first assistant postmaster general, who insinuated improper leasing practices occurred under New's administration.

New denied Barnett's charge that he sought to block a grand jury inquiry of the leasing of a sub-station at St. Paul.

He said when charges of fraud were made in this lease, he requested a special investigation by the department of justice which subsequently found no fraud.

LOUIS WOLHEIM, SCREEN ACTOR, DIES AFTER OPERATION

Hollywood, Calif., Feb. 18.—(U.P.)—Louis Wolheim, veteran screen actor, died at the Osteopathic hospital here today from complications arising out of an abdominal operation performed last Monday.

Death came to the actor unexpectedly as his progress following the operation was reported by physicians as "satisfactory."

Wolheim's appendix was removed and other surgery performed Monday after an exploratory laparotomy had been conducted by consultants to localize the actor's recent internal ailments.

Has Bill to Apply Libel Laws to Radio Stations

St. Paul, Feb. 18.—(U.P.)—State libel laws would be amended to apply to radio stations in a bill introduced in the house today by Representative J. E. Coughlin, Fairbault.

The bill amends the present criminal libel laws that apply to newspapers to include statements made during radio broadcasting periods and would hold station owners to the same penalties that now pertain to newspapers.

The bill has been framed, Coughlin said, so the radio stations would not have any privileges not enjoyed by the press.

LABOR GOVERNMENT IN ENGLAND DEFEATED ON SCHOOL MEASURE

London, Feb. 18.—(U.P.)—The labor government of Prime Minister J. Ramsay MacDonald was defeated in the house of lords today in a vote on the school attendance bill.

A cabinet crisis was not considered probable, however.

The school attendance bill, raising the school age from 14 years to 15 years, has been vigorously pushed by the labor cabinet which also suffered a recent defeat on the measure in the house of commons. MacDonald, however, said he did not consider the commons vote a reversal on a matter of policy.

YVONNE RICHMAN IS SOUGHT FOR QUESTIONING

LETTERS ADDRESSED TO HER FOUND IN ROOM OF FRANK HARLO, GANGSTER

LATTER TAKEN FOR ONE-WAY RIDE IN NEW YORK ON TUESDAY

New York, Feb. 18.—(U.P.)—Yvonne Richman, divorced wife of Harry Richman, Broadway entertainer and night life figure, is sought for questioning after letters addressed to her were found in the hotel room of Frank Harlo, Chicago gangster, taken on a one-way ride here Tuesday.

At least a dozen letters were found in the suite in which were registered "Mr. and Mrs. Frank Harlo." They were undated, addressed to Mrs. Harry Richman, signed "Harry," and all were embellished with pictures advertising the revue star as the world's greatest entertainer.

Police found the letters after discovery of the body of Harlo, alias Frank Marco, alias, Callahan, on the East Side. The body was completely dressed, and revealed seven bullet wounds, all received, police said, before his overcoat and undercoat had been put on. Their theory was he had been slain while partly undressed, trundled into a car and thrown in the gutter.

A hotel key ring, and business cards found in the slain man's pockets led to a phone call to Harlo's hotel room, answered by a feminine voice. The woman who answered hastily fled before arrival of the police who had called her. Her identity is unknown.

Owners of the business cards found in Harlo's pockets denied any knowledge of the gangster's victim. They were Harry Vogelstein, an attorney, and Harry Riggs, assistant manager of the Piccadilly Hotel.

Harry Richman, the entertainer whose stationery was found in Harlo's suite, said today the letters were written long ago. The last time he had seen his divorced wife, he said, was a year ago in New York.

"We were married in 1918 and divorced in 1925. I don't know anything about Harlo, or her either."

Investigation of Harlo's record showed him closely linked with major gang operations in Chicago and the middle west for several years. They included:

Sought for St. Louis murder, April 9, 1929.

Sought in Chicago murder, Dec. 1, 1930.

Served two terms in Ohio penitentiary between 1916 and 1919 as James T. Callahan on robbery and burglary charges from Cleveland.

Convicted of robbery in 1924 as Marco.

Had been member of the Chicago Aiello gang, allied underworld organization of the Moran gang, practically wiped out in the St. Valentine Day massacre two years ago.

Had been doorman of Sheridan Wave Club, Chicago, owned or controlled by Moran and Aiello gangs.

Said by Pat Roche, Chicago state's attorney's office, to be henchman of Julian Kauffman, gambler, whose chauffeur, Leo Brothers, is under indictment in the murder of Jake Lingle, Chicago Tribune reporter.

Yvonne Richman, police said, would be questioned concerning the letters found in Harlo's room, her knowledge, if any, of Harlo's activities, of the Lingle murder, the Anthony Lombardo murder in Chicago in which Harlo was said to have been the trigger man, and other reported activities of the slain racketeer.

Admiral Juan Aznar, 70 Year Old Captain General of Navy, Becomes Spanish Premier

OVERCOMES 4 DAY CRISIS IN GOVERNMENT

SAFEGUARDS THRONE AGAINST THREATS OF REPUBLICAN UPRHEAVAL

PREMIER-DESIGNATE IS KNOWN AS A LIBERAL MON-ARCHIST

By JOHN DE GANDT
(United Press Staff Correspondent)

Madrid, Feb. 18.—Admiral Juan Bautista Aznar y Cabanas became premier of Spain today, taking the oath of office at the head of a monarchical concentration government.

After more than four days of the most serious government crisis during the reign of King Alfonso XIII, the 70-year-old captain general of the navy was suddenly called to the premiership to safeguard the throne against threats of republican upheaval and demands for far-reaching restrictions on the monarch.

Within less than three hours Admiral Aznar completed the task which the most influential liberal politicians in Spain had failed to accomplish.

"I am a navy man and I place myself at the disposal of he who orders," declared Admiral Aznar when called by King Alfonso to solve the crisis. "I believe, with the help of God, we will go ahead."

The monarchical concentration cabinet will work for parliamentary government as well as a constitutional convention to revise the constitution of 1876, but without such stringent restrictions on the king's power as proposed by the constitutionalists and liberals who failed to form a government.

The capital was quiet. Yesterday the government had taken strict military precautions against disorders or revolutionary movements and troops were concentrated in barracks or at strategic points around the capital. The nation was under strict censorship and constitutional guarantees were suspended.

The new cabinet included:

Premier and minister of marine—Admiral Aznar.

Foreign affairs—Count Romanones, liberal monarchist.

Public works—Juan De La Cierva, leader of a group of "right" conservatives and father of the auto-gyro inventor.

Labor—the Duke of Maura, conservative.

Justice—The Marquis of Alhucemas, leader of the liberal-democrats, a "center" group of the conservatives or monarchists.

Finance—John Ventosa, the Catalan regionalist.

War—Gen. Damaso Berenguer, whose dictatorial government fell last Saturday.

Interior—the Marquis of Hoyos, mayor of Madrid.

Economy—Count Bugallal, leader of the extreme "right" faction of conservatives.

All of the ministers, except General Berenguer, who is ill, and Ventosa, who is en route from Barcelona, were sworn in with the new premier.

OPTIMISTIC OUTLOOK FOR STEEL INDUSTRY

By ELMER C. WALZER
United Press Financial Editor

New York, Feb. 18.—(U.P.)—Optimistic outlook for the steel industry voiced by the Iron Age today reversed the downward movement in progress on the stock exchange in the late dealings yesterday.

At the opening, prices were up fractions to more than two points. United States Steel opened at 145 1/4, up 3/4, and other steel issues were in demand. General Motors led its division, opening on a sale of 5,000 shares at 42, up 1/4.

The Iron Age statement on the steel industry was a surprise to the street, as it came after a report on the industry yesterday showing U. S. Steel corporation operating on a reduced schedule.

Refuse to Recommend Treaty to Preserve Niagara Scenic Beauty

Washington, Feb. 18.—(U.P.)—The senate foreign relations committee today unanimously refused to recommend ratification of the Canadian-American treaty to preserve the scenic beauty of Niagara Falls. Its objections were based on the provisions which would enable power companies to obtain water rights under the proposed program.

3 JAPANESE FLIERS KILLED AS SEAPLANE CRASHES AND BURNS

Tokio, Feb. 18.—(U.P.)—Three Japanese aviators were killed and the auditorium of an agricultural school destroyed today when a naval seaplane caught fire in the air and crashed in Shizuoka prefecture.

The plane was acting as an attacker in tactical exercises when it suddenly burst into flames. It fell directly on the school auditorium, igniting the structure.

MAJ. GEN. BUTLER ADDRESSES ANOTHER LUNCHEON CLUB

SAID HE HAD "A HELL OF A GOOD SCRAP" WITH "GRAFTERS" IN PHILADELPHIA

South Bend, Ind., Feb. 18.—(U.P.)—Maj. Gen. Smedley D. Butler had "a hell of a good scrap" with the "grafters" in Philadelphia, but nevertheless he's "no reformer," he told 300 members of the South Bend Knife and Fork Club in his first address since he made the now famous "hit and run" charge against Premier Mussolini of Italy.

The colorful army officer who brought about international complications by his recent reference to Il Duce, made no mention whatever of Mussolini last night in his first public appearance since the incident and only once did he even refer to Italy.

"When the crime problem is solved, Al Capone will go back to Italy," he said, then added quickly: "But I can't talk about that."

Such was the extent of his remarks concerning things Italian, but of crime, its methods and its results he said much.

Members of the club shouted their approval, especially when he said that New York, not Chicago, was the center of the nation's crime.

"I'm no purist or reformer; I'm bad," Butler said in denying charges made against him after he went to Philadelphia to direct a "general cleanup" of crime conditions in that city.

"Crime," he declared, "is thoroughly organized on a national scale—and the orders come out of New York. Yet we have to fight this crime with little local police organization."

"Politicians unfaithful to their office should be hanged. They blame prohibition, but I'll be for it until somebody finds a better system."

"Any police force could clean up their city in 24 hours if they wanted to—and the city administration wanted to."

Here's Another Early Spring Story—It's Lettuce This Time

Spearfish, S. D., Feb. 18.—(U.P.)—Tom Scruby startled his friends today by announcing that he has grown lettuce in his own garden and served it this week. He said the lettuce was fresh and crisp.

SENATE CONFIRMS APPOINTMENT OF J. N. PEYTON

DULUTH BANKER NAMED COMMISSIONER OF BANKS

NEW BILL IN SENATE MAKES CHANGE IN RAILROAD AND WAREHOUSE COMMISSION

St. Paul, Minn., Feb. 18.—(U.P.)—Without a dissenting vote, the senate today confirmed appointment of J. N. Peyton, Duluth, as state commissioner of banks.

Charges that Peyton was head of a bank that had failed to pay state taxes and that he would not be an unbiased commissioner were made shortly after he was named by Gov. Floyd B. Olson. A fight over his confirmation loomed.

But the banks and banking committee of the senate today reported approval of the appointment, and when Sen. Henry Bridgman, Bemidji, moved to confirm the appointment, the senate joined in the confirmation with no "nay" votes.

It was announced the senate will act on a measure to increase the state highway patrol from 35 to 100 on Thursday.

The bill already has been passed by the house, and Sen. Charles E. Adams, Duluth, today set a special order on the measure for 11:30 A. M. Thursday in the senate.

A bill to make drastic changes in powers of the state railroad and warehouse commission was introduced in the senate today by Sen. Claude H. Mackenzie, Gaylord.

It provides that the commission:

1. Cannot allow truck service to points that now get daily rail service except Sunday.

2. Cannot allow truck lines to obtain lower rates to competing points than are allowed railroads.

3. Shall have full power to regulate all common carrier truck lines and buses throughout the state.

Under the present law, the commission has power only over those lines operating between fixed termini and on regular schedules.

AGREEMENT ON CONSIDERATION REACHED TODAY

SENATE FINANCE COMMITTEE IN FAVORABLE REPORT ON HOUSE BILL

REPORTED WITHOUT AMENDMENT, DESPITE ADMINISTRATION OPPOSITION

By LYLE C. WILSON
(United Press Staff Correspondent)

Washington, Feb. 18.—(U.P.)—The senate agreed today to begin consideration of the veterans' compensation bill immediately upon meeting tomorrow.

Washington, Feb. 18.—The senate finance committee today voted a favorable report on the house bill to increase the loan value of veterans' adjusted compensation certificates.

The bill was reported without amendment despite the unequivocal opposition of the administration.

The vote was 13 to 3.

Chairman Smoot of the committee formally reported the bill to the senate at 12:20 P. M., interrupting a speech by Senator King, democrat, of Utah, on deportation of alien seamen. King resumed his speech at once.

Persons close to President Hoover freely predicted that he would veto the bill. Strong pressure had been brought to bear on the president last night to change his position and sign it, in view of the overwhelming sentiment in both houses of congress, which practically insures passage over a veto. Nevertheless his position was understood to be unchanged.

The vote on the motion of Senator Harrison, democrat, Mississippi, to report the bill favorably without changes was as follows:

Yea, 13—Republicans, Watson, Shortridge, Couzens, Keves, LaFollette, Thomas, Idaho. Democrats—Simmons, Harrison, George, Walsh of Massachusetts, Barkley, Thomas of Oklahoma, Connally.

Nays, 3—Republicans, Reed, Bingham, Smoot.

Democrats, none.

Washington, Feb. 18.—President Hoover's opposition to the pending veterans' compensation legislation was presented today to the senate finance committee in a letter to Chairman Smoot.

Mr. Hoover's letter said there were "a number of most serious objections" to the bill, which he thought would be liability to the country. The measure as passed overwhelmingly by the house would increase the loan limit on adjusted service certificates to 50 per cent of their face value.

Some of the objections, the letter said, dealt with "matters of method" and some with "fundamental principles" of our country.

Mr. Hoover continued that the bill would create a potential liability of \$1,712,000,000. After reducing the value of loans made under the existing act, the president said the "cash" needed would aggregate \$1,280,000.

The letter said that if 75 per cent of the veterans took advantage of the new loan provision the treasury would have to raise \$1,000,000,000.

Senator Reed, republican, Pennsylvania, said he believed President Hoover would veto the bill.

Smoot said that was his "understanding unless its faults are corrected."

W. Perkins Bull, Close Friend of English King, is Injured in Car Wreck

Coldwater, Mich., Feb. 18.—(U.P.)—W. Perkins Bull, K. C., close friend of the king of England, who was injured in a mysterious automobile crash near here, is in no danger of death unless unforeseen complications arise, his physician, Dr. W. C. Wootton, said today.

Bull, together with Bernard Magruder, vice president of the Horlick Malted Milk company, was hurrying to Detroit on a mysterious errand when their car crashed into a heavy trailer drawn by a truck.

Bull suffered fractures of both hips and internal injuries. Magruder escaped with slight hurts. Carl Franklin Moore, Bull's chauffeur, was hurt.

TWO FARMERS KILLED IN TRAIN-TRUCK CRASH

Fox Lake, Wis., Feb. 18.—(U.P.)—Joe Kasmiskie, 40, and Emil Foget, 28, bachelor farmers of Beaver Dam Island, were instantly killed during a heavy fog last night when the truck in which they were riding was struck by a Milwaukee road train at a private grade crossing on the Reichelt farm near here.

C. J. Stevenson Elected Mayor of Moorhead

Moorhead, Minn., Feb. 18.—(U.P.)—C. J. Stevenson, local grocer, was elected mayor in yesterday's city balloting. Stevenson defeated H. C. Nordlie, incumbent, by a vote of 1,673 to 732. Stevenson had served one previous term as mayor from 1920 to 1922.

Pennsylvania Line in Huge Improvement Plan

IS TO SPEND SUM OF \$175,000,000 IN TWO AND HALF YEARS

DECLARES ITS FIRM BELIEF IN THE FUTURE OF THE COUNTRY

"INEVITABLE RESTORATION" OF BUSINESS ACTIVITY SURE TO COME

New York, Feb. 18.—(U.P.)—The Pennsylvania railroad, declaring its firm belief in the future of the country and the "inevitable restoration" of business activity, has announced a \$175,000,000 program of improvements, originally scheduled to be spread over four years, will be completed in two and one half years.

During 1930, the statement said, \$106,000,000 was spent on construction work, instead of the \$90,000,000 originally planned.

Among the projects scheduled for the next two and a half years are: Electrification of the remaining portions of all lines of track between New York and Washington.

Extensive improvements at Baltimore, including the removal of numerous grade crossings and the building of new four-track tunnels into and out of Baltimore.

NEW DEFENDS HIS ADMINISTRATION OF POSTAL LEASES

Washington, Feb. 18.—(U.P.)—Harry S. New, former postmaster general, testifying today before the senate subcommittee investigating postal leases, defended his administration of leases as "careful, painstaking and conscientious."

He said 11 awards of leasing contracts for post office sub-stations were reviewed by various departmental heads, including John H. Bartlett, former first assistant postmaster general, who instituted improper leasing practices occurred under New's administration.

New denied Bartlett's charge that he sought to block a grand jury inquiry of the leasing of a sub-station at St. Paul.

He said when charges of fraud were made in this lease, he requested a special investigation by the department of justice which subsequently found no fraud.

LOUIS WOLHEIM, SCREEN ACTOR, DIES AFTER OPERATION

Hollywood, Calif., Feb. 18.—(U.P.)—Louis Wolheim, veteran screen actor, died at the Osteopathic hospital here today from complications arising out of an abdominal operation performed last Monday.

Death came to the actor unexpectedly as his progress following the operation was reported by physicians as "satisfactory."

Wolheim's appendix was removed and other surgery performed Monday after an exploratory laparotomy had been conducted by consultants to localize the actor's recent internal ailments.

Has Bill to Apply Libel Laws to Radio Stations

St. Paul, Feb. 18.—(U.P.)—State libel laws would be amended to apply to radio stations in a bill introduced in the house today by Representative J. E. Coughlin, Faribault.

The bill amends the present criminal libel laws that apply to newspapers to include statements made during radio broadcasting periods and would hold station owners to the same penalties that now pertain to newspapers.

The bill has been framed, Coughlin said, so the radio stations would not have any privileges not enjoyed by the press.

LABOR GOVERNMENT IN ENGLAND DEFEATED ON SCHOOL MEASURE

London, Feb. 18.—(U.P.)—The labor government of Prime Minister J. Ramsay MacDonald was defeated in the house of lords today in a vote on the school attendance bill.

A cabinet crisis was not considered probable, however.

The school attendance bill, raising the school age from 14 years to 15 years, has been vigorously pushed by the labor cabinet which also suffered a recent defeat on the measure in the house of commons. MacDonald, however, said he did not consider the commons vote a reversal on a matter of policy.

Royal Pomp Missing Here

Alert photographer snapped this informal picture of Belgian royalty as they were leaving studio where little Princess Josephine Charlotte, aged 3, had been photographed. The baby princess is shown in the arms of a court attache (center) while her father, Prince Leopold, heir to the Belgian throne (left), looks on. At the right is Princess Astrid, mother of the royal babe and niece of the King of Sweden. Man at back is just a casual pedestrian, showing extreme informality of the occasion.

ROBBED OF \$190 AFTER PURCHASING BOOK ON GANGSTERS

Chicago, Feb. 18.—(U.P.)—Mrs. Matthias B. Pittman, wealthy broker's widow, was not looking for first hand information about crime when she went to a bookshop to get a biography of Al Capone, but it was what she got and it cost her \$190.

It was broad daylight when Mrs. Pittman left the bookshop to return to her home half a block away. She carried the copy of Capone's biography under her arm. Two men held her up and robbed her of \$40 in cash and earnings worth \$150. The robbery was in the Gold Coast district and only ten blocks from the loop.

Mrs. Pittman told police that just before going to the bookstore she had removed \$16,000 worth of diamond rings which she usually wore.

TO SETTLE DOWN TO BUSINESS OF ENACTING LAWS

LEGISLATURE YESTERDAY HAD ONE OF BUSIEST 24 HOURS IN 35 DAYS

OUTSTANDING DEVELOPMENTS OF THE SESSION ARE RECORDED

St. Paul, Minn., Feb. 18.—(U.P.)—The 1931 state legislature today settled down to the business of enacting laws and approving gubernatorial appointments after one of the busiest 24 hours in the 35 days it has been in session.

Outstanding developments late yesterday were:

Governor Floyd B. Olson charged N. J. Holmberg, commissioner of agriculture whom he opposes, was being groomed as the republican gubernatorial candidate in 1932 and said he wanted the department of agriculture kept free from politics. The governor asked the senate committee to refuse to approve Holmberg's appointment.

Holmberg was named by former Governor Theodore Christianson just before he retired.

The senate committee on banks and banking unanimously approved John N. Peyton, Duluth banker, to be commissioner of banks. A favorable report on Peyton will go before the senate this week.

The house of representatives passed a bill, 74 to 52, which would prevent marriages until five days have elapsed after licenses are obtained.

A contest over the senate seat of A. J. Rockne, Zumbrota, instigated by C. F. Grover, Zumbrota, was referred to a sub-committee of the senate elections committee to read briefs in the case and report an early decision.

C. F. Gaarenstroom, recently appointed secretary of the Minnesota rural credit bureau, and Ole Sageng, bureau chairman, revealed that half a million dollars had been spent during the past year on farms taken over by the state and which the state will lose close to \$6,000,000 through sale.

Chancellor Lotus D. Coffman of the University of Minnesota asked for additional funds for administration of the university at a hearing before the house appropriations committee. He said the total enrollment in the university this year was 29,033 for all students. Dr. Coffman will appear before the committee again today.

Governor Olson signed a bill reducing the fine for late motor registration from \$7.50 to \$5. A penalty of 25 cents a day for the first four days starting last Tuesday and \$1 a month was set.

Longworths Celebrate Their Twenty-fifth Wedding Anniversary

Washington, Feb. 18.—(U.P.)—The "costumes of 1906" were back in the attic at the Longworth home today, their memories refreshed by a brief reappearance last night at a dinner party celebrating the silver wedding anniversary of Nicholas Longworth and "Princess Alice" Roosevelt.

Several of the guests were among those who had attended the wedding at the White House 25 years ago, and to make the occasion more realistic all wore costumes of that day. Those who hadn't saved any finery substituted "shirtwaists and skirts," by decree of Mrs. Longworth.

For her part, "Princess Alice" did more than wear one of her trousseau dresses. Hours before the dinner party, she had prepared a 1906 pompadour to conform, even showing it in the speaker's private office during a visit to the house. She also wore the jewels of her wedding day, including a bracelet that was a wedding gift from the former kaiser.

For Paulina, six-year-old daughter of the Longworths, it was the first chance to see how folks dressed at the time her parents were married.

W. Perkins Bull, Close Friend of English King, is Injured in Car Wreck

Coldwater, Mich., Feb. 18.—(U.P.)—W. Perkins Bull, K. C., close friend of the king of England, who was injured in a mysterious automobile crash near here, is in no danger of death unless unforeseen complications arise, his physician, Dr. W. C. Wootton, said today.

Bull, together with Bernard Magruder, vice president of the Horlick Malted Milk company, was hurrying to Detroit on a mysterious errand when their car crashed into a heavy trailer drawn by a truck.

Bull suffered fractures of both hips and internal injuries. Magruder escaped with slight hurts. Carl Franklin Moore, Bull's chauffeur, was hurt.

TWO FARMERS KILLED IN TRAIN-TRUCK CRASH

Fox Lake, Wis., Feb. 18.—(U.P.)—Joe Kasmiskie, 40, and Emil Foget, 28, bachelor farmers of Beaver Dam Island, were instantly killed during a heavy fog last night when the truck in which they were riding was struck by a Milwaukee road train at a private grade crossing on the Reichel farm near here.

C. J. Stevenson Elected Mayor of Moorhead

Moorhead, Minn., Feb. 18.—(U.P.)—C. J. Stevenson, local grocer, was elected mayor in yesterday's city balloting. Stevenson defeated H. C. Nordlie, incumbent, by a vote of 1,673 to 732. Stevenson had served one previous term as mayor from 1920 to 1923.

**IMPROVED ROASTING
PROCESS RESULTS IN
DISTINCTIVE COFFEE**

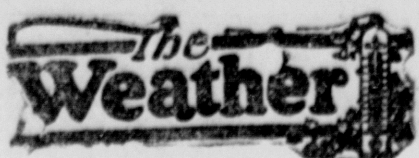

Flavor Such as No Other Coffee
Has is Marvelously De-
veloped Through Control

Beyond a doubt the most revolutionary event in the history of coffee was the invention and patenting, a few years ago, of a remarkable roasting process by Hills Bros. of San Francisco.

This process is called Controlled Roasting. By permitting only a few pounds of coffee at a time to pass continuously through the roasters in which the heat and speed of operation are accurately controlled, a perfect roast is insured. Every berry is roasted evenly with the result that there is a matchless, uniform flavor in every pound.

Tests show that such flavor cannot be developed by the common method of roasting coffee in bulk. In spite of watchful care, the operator cannot prevent variation of roast in the different batches. Naturally there is variation in the flavor.

In order to keep their delicious coffee absolutely fresh, Hills Bros. pack it in vacuum. By this process air, which destroys the flavor of coffee, is taken out of the can and kept out. Ordinary cans, even if air-tight, do not keep coffee fresh. Hills Bros. Coffee is sold everywhere by grocers. Ask for it by name and look for the Arab—the trade-mark—on the can.

LENT OBSERVATION
BY EPISCOPALIANS

Ash Wednesday Ushered in Lent
Season by Holy Communion
Service

The members of St. Paul's parish will observe Lent in the customary way according to the practices and usages of the church.

Ash Wednesday ushered in this observance by a Holy Communion service at 8 a. m., Penitential office and Litany at 10:30 a. m. and the Children's Lenten service at 4:30 p. m.

There will be services every Thursday during Lent—8 a. m. Holy Communion, 7:30 p. m. Vespers and Lenten Meditation. The morning service is more especially for the communicants of the parish although anyone may come and feel the inspiring influence of this solemn service of sacrifice and supplication which has been found very helpful to all who attend. St. Paul's parish hopes that all who may be distressed in mind, body, or estate will come seeking and find peace and comfort through these services. Should anyone desire prayers of special intention please give your name to the rector along with your desire of special prayer and he will gladly present them. We believe in the efficacy of prayer.

Every Sunday evening during March and April beginning at the hour of 8 p. m. a series of addresses will be given upon the history of the Episcopal church, baptism, confirmation and other practices and usages of the church, which will prove very educational and enlightening to all who are not familiar with the church. This thought is not to provoke controversy but present the reason why the members of the Episcopal church cling to their heritage handed down to them since the very dawn of Christianity.

WASHINGTON ALMOST UPSETS O.G.'s APPLECART

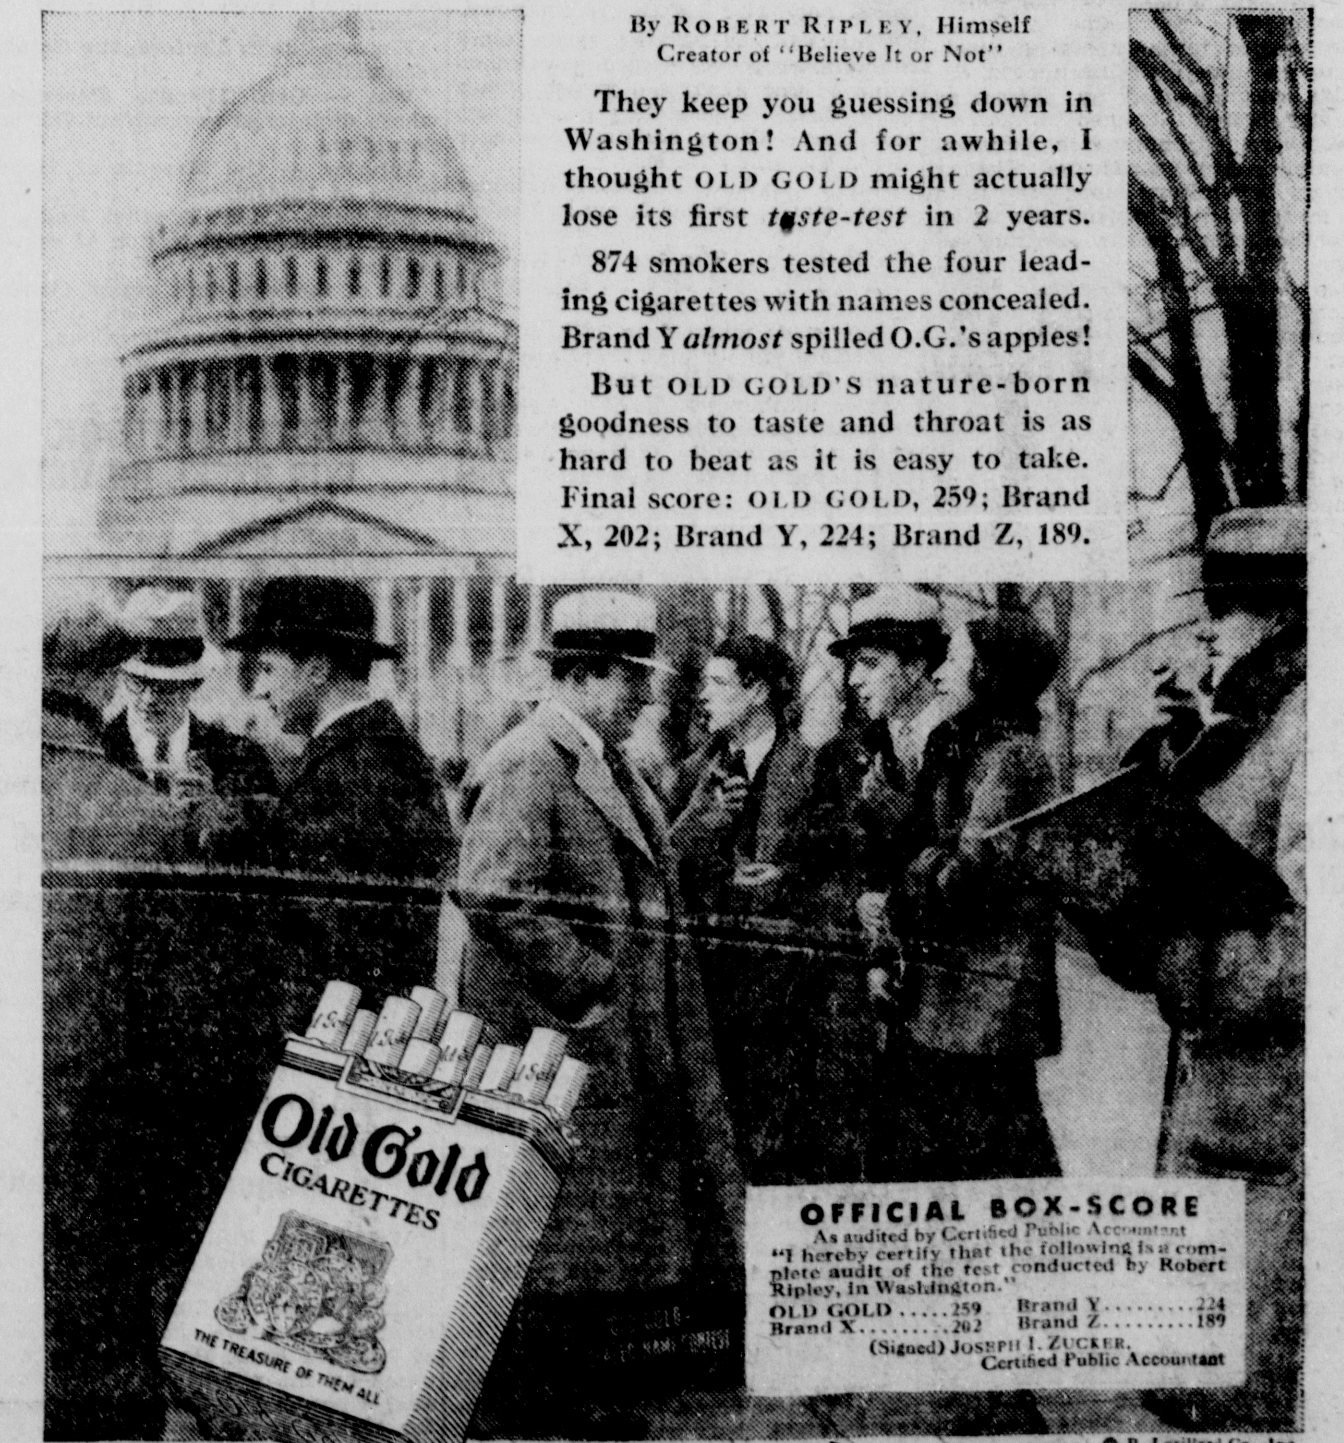

RIPLEY GETS LOW-DOWN ON CAPITAL'S CIGARETTE PREFERENCES

By ROBERT RIPLEY, Himself Creator of "Believe It or Not"

They keep you guessing down in Washington! And for awhile, I thought OLD GOLD might actually lose its first taste-test in 2 years.

874 smokers tested the four leading cigarettes with names concealed. Brand Y almost spilled O.G.'s apples!

But OLD GOLD's nature-born goodness to taste and throat is as hard to beat as it is easy to take. Final score: OLD GOLD, 259; Brand X, 202; Brand Y, 224; Brand Z, 189.

OFFICIAL BOX-SCORE

As audited by Certified Public Accountant "I hereby certify that the following is a complete audit of the test conducted by Robert Ripley, in Washington."

OLD GOLD . . . 259 Brand Y . . . 224

LITTLE FALLS BATTLERS DEMORIALIZED AFTER STRONG ONSLAUGHT IN FIRST

Showing more drive, better defensive work, more accurate shooting and in general new life, the "Warriors," Coach Bill Damman's proteges of the Brainerd high school played their best game of the season here last night administering the severest defeat to Little Falls high in years.

Demoralizing the visitors in the first quarter by grabbing control of the situation, Brainerd wore out their opponents by fast, snappy play, snowing them under by a 27 to 12 count.

A count of 12 to 5 which Brainerd hung up in the first canto put the crepe on the Falls boys. The visitors fought hard and in fighting hard fouled considerably, which added to the advantage of Brainerd, for the "Warriors" were on, oh very much on in their free throwing, sinking nine free throws, better than 50 per cent of the chances they were given.

An idea of Brainerd's strong defense is gleaned from the fact that Little Falls only scored three field goals, gaining six of their points on free throws.

The game established one strong point and that is this: Little Falls can be beaten again and again by Brainerd if the B. H. S. boys get down to work immediately and gain the lead. The Falls team is decidedly not an up-hill fighting team.

If Brainerd can repeat its type of play last night, the team will have no trouble stowing the Falls away when they meet, as appears inevitable, in the semi-finals of play in the district tournament less than a month away.

Little Falls should not be underestimated, however. The players were off terribly in their shooting and another game might find them in fine mettle, sinking many of the shots they tried.

Little Falls is going to concentrate throughout the remainder of the playing season on a formidable defense to check the Brainerd quintet.

Bob Wygle, Brainerd forward, and his brother Gerry at center, held the limelight last night and Elmer Foster returned to his old style of sinking baskets.

Bob and Gerry Wygle broke away from the field on one occasion each, dribbled the entire length of the court with Falls men hot on their heels, unable to keep up, to sink two pretty field goals. They drew the acclaim of the largest attendance at any game this season.

Schuetz, the fastest breaker on the squad, contributed his important bit in handing the Falls a defeat. He picked his holes cleverly and one time completely fooled the invaders by dribbling through unguarded and scoring when the Falls defense expected a pass. That dribble of Schuetz's and the subsequent field goal brought many minds back to an important tournament game in Brainerd last year when Schuetz saved the day for the home squad on a similar play.

In basket shooting and exciting play the fans got their money's worth and more. The only dissatisfied fans were the two hundred that came up from the down-river town expecting their team to continue the fine record it held this season.

The way Brainerd opened the game one would never imagine that Little Falls came as a serious threat. There was every bit of confidence in the world in the home towners and it is questionable if the Crosby-Ironton quintet could have stood up under the onslaught had they been billed.

Coach Damman had his eyes on the tournament in last night's play. He sent eleven men out on the floor and each man knew that he would have to give everything he had. Three of these men will be eliminated from tournament play. The remaining games of the season will likewise play an important part in selection. As a result Brainerd players are going to fight tooth and nail, although not really so maliciously, for the remaining hard games to win a place.

Lewis of Moose Lake had a busy night in his capacity as referee. He was forced to cope with too much body contact, charging and backing. He called 15 personals on Little Falls and might have called more. One Little Falls man, Beveridge, went out of the contest on four personals. Brainerd was called on nine personals.

The quintet which Damman sent on the court to start was the best combination used yet this season. Each man appears likely to win a berth on the tournament squad. There was Bob Wygle and Elmer Foster at forward, the big Gerry Wygle at center, with Marshall and Schuetz at guard.

Brainerd gained the first tip-off and on the play Gerry Wygle raced under the basket, grabbed a pass from Foster and made it good. The field goal was chalked up in less than about eight seconds of play. Marshall added one point a few seconds later when he made good a free throw when Beveridge blocked him. Riddle fouled Schuetz and Nate scored the free throw chance. Little Falls then took time out. Bob Wygle was called for charging Beveridge who scored the free throw. Gerry Wygle picked up a loose ball, dribbled the length of the floor and sunk it. Beveridge foul-

ed Marshall who scored. Beveridge chalked up a pretty basket for Little Falls on a shot under the cage. Beveridge fouled Bob Wygle who scored. Foster scored on a rebound after Gerry Wygle carried it down on a dribble. Brainerd took time out with the score 10 to 3 in their favor. Patterson went in for Gerry Wygle. Beveridge scored on a faked pass. Bob Wygle scored for Brainerd and in so doing was fouled by Riddle. Wygle missed. Schuetz was called for charging Newman who made it. The first quarter ended 12 to 5 for Brainerd.

Patterson was called for fouling Newman who missed one and sunk the other free throw. Foster scored a tough shot. Beveridge was called on a technical foul and Bob Wygle missed. LaFond jumped from out of the center circle and was called by the referee. Schuetz scored the free throw. Foster scored for Brainerd and scored again on a free throw after Zervas fouled him. Bob Wygle dribbled long distance to score. Franks went in for Foster and Bob Wygle fouled LaFond who scored the free throw. The half ended: Brainerd, 21; Little Falls, 8.

Foster and Bob Wygle returned to the game in the second half replacing Franks and Larson. In a floor tangle Beveridge and Foster were each called on personals, both missing. Beveridge in so fouling went out on personals. Kuffel took Beveridge's place. Bob Wygle scored for Brainerd on a side shot. Schuetz picked a hole and went all the way through to score. LaFond fouled Schuetz who scored. Patterson fouled LaFond who missed the free throw. Patterson fouled Newman, who scored one. Newman fouled Marshall who missed. Marshall fouled Riddle who scored one and missed one. Wetzel was sent in for Kuffel. White went in for Marshall. Zervas fouled Foster who missed and Little Falls took time out. McPherson went in for Schuetz just before the third quarter ended. Score: Brainerd, 27; Little Falls, 10.

Templeton went into the game at the opening of the fourth quarter for Bob Wygle. Riddle scored for Little Falls. Franks went in for Patterson and Kuffel replaced LaFond. Kuffel fouled Franks who missed two. Franks fouled Riddle who missed. McPherson fouled Zervas who missed two. Larson went in for Foster. Zervas fouled Templeton and went out on personals. Molde replaced Zervas. Templeton missed the free throw. The game ended. Score: Brainerd, 27; Little Falls, 12.

BOSTON RED SOX SEEK TO ACQUIRE MORE OF PUNCH

NO CLUB IN LEAGUE LOST MORE GAMES BY 1 RUN, OR IN 8TH, 9TH OR EXTRA INNINGS

TRYING TO OBTAIN THAT KIND OF HARD LUCK, PITCHING STAFF STRENGTHENED

This is the eighth of a series of articles detailing the efforts of American League clubs to strengthen in preparation for the 1931 season. Tomorrow—general American League review.

New York, Feb. 18.—The Boston Red Sox in 1930 demonstrated that they would have won a lot more games if they had had a trifle more punch and also steadier pitching toward the finish of the games. No club in the league lost more games by one run, or in the eighth, ninth and extra innings.

To obviate a continuance of that hard luck, President Bob Quinn has strengthened his pitching staff and has added some punch to the team's

attack. Five outfielders who batted 300 or better in the minors last year have been purchased. They are Gene Rye of the Texas League, Van Camp from Des Moines, McSwain and Winsett of Mobile and Lucas from the Nebraska League.

Shano Collins, the new manager of the Red Sox, may start his season with an outfield composed of Tom Oliver, Earl Webb and Gene Rye. Russ Searritt and Van Camp, however, are sure to make strong bids for regular berths.

Marquardt of Nashville and Olson, a semi-pro, are the only infield acquisitions. Marquardt batted .324 in the Southern League. Just how the infield will shape up is somewhat of a mystery.

There has been a rumor that Jack Rothrock, who has been an outfielder for two years, will be tried at third base again. Reeves and Regan will fight it out at second with Bill Sweeney working regularly at first. This would leave the shortstop job up to competition among Warbler, Ryhme and Miller with Marquardt subbing at either second or third.

Boston will have good pitching in 1931. In addition to Danny MacFadden, Milton Gaston, Horace Lisenbee, Jack Russell, Ed Durham and Ed Morris, the Red Sox have acquired Willey Moore, hurling hero of the New York Yankees in 1927, John Brillheart, veteran southpaw who had 18 victories to his credit at Minneapolis, Bob Kline who won 23 and lost but 9 for Erie

in 1930, and Walter Murphy, a youngster from Rock Island.

The catching department will be looked after even more capably than in 1930 for in addition to Charley Bery who did most of the backstopping last year, and Joe Connelly, who looked like a great prospect, Bob Quinn has signed Muddy Ruel, veteran catcher from Washington.

RUSSELL'S BATTLE RANGERS THURSDAY

EXCITING CLASH IS EXPECTED WHEN TWO FAST CAGE TEAMS CLASH HERE

Russell's Creamery basketball team will clash with the fast Crosby Inland Rangers Thursday evening at the Brainerd high school at 8 o'clock.

The Rangers are coming over with 100 fans and are determined to add another defeat to Brainerd after the 28 to 24 win they scored two weeks ago at Crosby.

Fans will remember the game between these teams last season on the local floor when Gabius shot in a field goal in the overtime play to bring a win to Brainerd by the score of 24-23.

Manager Peterson will use the same lineup as won a moral victory over Bronko Nagurski's team here last Saturday night.

PETER DE PAOLO AFTER LAND SPEED MARK OF CAMPBELL

Dallas, Tex., Feb. 18.—(U.P.)—In a 48-cylinder, 2,600 horsepower automobile designed to make a speed of 300 miles per hour Peter De Paolo, racing driver, plans to challenge Capt. Malcolm Campbell's land speed record.

De Paolo, here today on a southwestern tour, said he expected to build such a car at a cost of \$75,000.

NEW 'RACKET' IS DISCLOSED IN QUEENS

New York, Feb. 18.—(U.P.)—A new "racket" was disclosed today when police in Queens arrested four men charging they had:

Extorted from Anthony Imbergamo, store keeper, a note for \$700 at the point of a pistol.

Obtained judgment on the note. Seized Imbergamo's store on the judgment.

Held Imbergamo and his wife and child prisoners while they took over the business.

Found a job for Imbergamo and escorted him to and from work daily to make sure he didn't "resign" and flee.

2 Men Hold Up Minneapolis Coal Company, Steal \$250

Minneapolis, Feb. 18.—(U.P.)—Firing a shot into the air to intimidate employees of the Hartzell Coal company, two men held up the concern last night and escaped with \$250. The two men took only cash, leaving checks in the cashier's cage. The pair fled in an automobile driven by a third confederate.

Gentlemen:

What is wrong with the word "spit"? We have been spitting for years and will probably continue to spit for many years to come. It is the uncontrollable or indiscriminate spitting that does the harm, as it contains so many communicable germs.

Any type of campaign or advertising against the use of human sputum is endorsed by this Department, because it protects public health.

"What is wrong with the Word 'SPIT'?"

Asks

DR. MARK L. EMERSON

Health Officer, Oakland, California

...one of 56 health officials
from 56 different points
approving Cremo's crusade
against spit or spit-tipping.

Every smoker, every wife whose
husband smokes cigars, should read Dr.
Emerson's letter.

"Who are the friends of 'Spit'?"
YOU MAY WELL ASK THIS
QUESTION WHEN 56 IMPORTANT
HEALTH OFFICIALS HAVE WRITTEN
SO STRONGLY AGAINST THE EVILS
OF SPIT OR SPIT-TIPPING.

Dr. Emerson writes: "Any...
campaign... against the use of human
sputum... protects public health."

The war against spit is a crusade of
decency. Join it... Smoke Certified
Cremo—a really wonderful
smoke—mild—mellow—nut-
sweet! Every leaf entering the
clean, sunny Cremo factories is
scientifically treated by methods
recommended by the United
States Department of Agriculture.

HEALTH OFFICER

CITY OF OAKLAND
CALIFORNIA
HEALTH DEPARTMENT

September 16, 1930.

The American Cigar Company,
111 Fifth Avenue,
New York, New York.

Gentlemen:

What is wrong with the word "spit"? We have
been spitting for years and will probably continue to
spit for many years to come. It is the uncontrollable
or indiscriminate spitting that does the harm, as it
contains so many communicable germs.

Any type of campaign or advertising against
the use of human sputum is endorsed by this Department,
because it protects public health.

Very truly yours,

Mark L. Emerson, M.D.
HEALTH OFFICER.

Lumberjack Monument and Woodsmen Museum

THE legislature some years ago authorized a monument erected in memory of the lumberjack, the pioneer of the state. The suggestion has been made that the memorial take the form adopted in Michigan, a replica of an old time logging camp. The museum should house all the implements and equipment.

A very good place to establish such a memorial would be on Ahrens hill. The State Forest Department leases an acre of ground there at nominal rental and has established a 47 foot stairway tower and a log-sided cabin for the observer. A good road leads to the station. In summer days tourists and other visitors to the number of 300 daily on week days and still more on Sundays visit the station, climb the tower and gain the wonderful view afforded. On clear days one can see the smokestacks of the North Cuyuna Range iron mine properties and the Pequot lookout tower 22 miles northwest. With glasses one can spot the Emily tower 37 miles northeast. On all sides one sees the beautiful lakes, Rice, Gilbert, Gull, North Round, etc., and in the foreground the meandering Mississippi.

On the hill are growths of oak, popple, jack pine and some Norways. In the vicinity are sites redolent of the old days when logging flourished. There is the site where the Northern Lumber Company mill once stood, its "hot" pond, and some of the piling and booms still in evidence. One sees the plant of The Northwest Paper Company and its pond full of pulpwood. At the base of the hill there angles the Merrifield road which follows the line of trackage once assumed by the Minnesota & International railway, a great logging line which dumped its logs on both sides of the river above the dam. The very bridge used by the railway has been widened and reconstructed for the highway use. On the shore line there once anchored the wanigans. In the countryside near one can still find traces of the old "tote-roads."

The forester's cabin on the hilltop has three rooms, kitchen, bedroom and living room, a regular home for continual occupancy. Establishing the Woodsmen Memorial in the vicinity of this forester tower and cabin will bring together a real community of interest, one dedicated to the preservation of present day timber, and the memorial paying honor to the woodsmen of old who cut his way through virgin timber that towns and cities and farms might grow up in his path.

State Income Taxes

STATE income tax legislation is nothing new. According to the United Press 17 state legislatures are considering such legislation.

Under the present state constitution of Minnesota, a state income tax is unconstitutional. The law provides that all taxes in Minnesota must be uniform, and a graduated tax such as is customarily used for income taxes is illegal.

Several measures have been introduced in the state legislature, however, to amend the state constitution. If an amendment is passed, income tax bills may be introduced in the next legislative session.

In eight states reviewed by the press association the exemption for single persons ranged from \$500 to \$2500 and for married from \$2,000 to \$5,000. Exemption for dependents ranged from \$200 to \$500.

The income tax proposals generally use the federal tax as a model and Wisconsin and New York income taxes as further guides.

Value of "Popple"

TWENTY-ONE million acres of aspen in Minnesota, Wisconsin and Michigan, regarded by many as waste, is a real forest asset, according to a bulletin by the Minnesota Agricultural Experiment Station in cooperation with the Forest Service of the United States Department of Agriculture.

Aspen is commonly known as "popple" in Minnesota. It covers two-thirds of the forest area in Minnesota and Wisconsin. The bulletin points out the excellent properties of the wood, which are softness, uniform texture, white color, light weight, ease of gluing, and low shrinkage. Only recently the popple has been regarded as a weed tree. This, however, was true of hemlock, and jack pine only a few years ago and yet these trees have become marketable at prices that have justified large scale commercial development.

Aspen is used for the manufacture of boxes, crating, planing mill products, matches, woodenware and novelties. It is used to make excelsior. Farmers have used it for fuel and posts.

Vocational Talks

THE vocational talks given by members of the Rotary and Lions clubs are of great value to brother members. The talks take the form of revelations as to the problems the various professions, lines of business and other endeavors have to cope with. It gives each man a deeper respect and knowledge of the other's problems. Each rubs elbows with the other.

It is this closer association which forms a tie joining the membership into a group alive to the other fellow's viewpoint and thus generating a greater spirit of tolerance and keener understanding.

For the purpose of spreading knowledge and cultivating a greater appreciation of Minnesota, the Minnesota Parent-Teacher publication will introduce with its March issue the first of a series of articles each devoted to the exclusive treatment of some one of the state's principal commercial, agricultural, industrial or natural advantages. The hope behind the series is that in their entirety they may comprise a worthwhile record of Minnesota's vast resources, so described as to appeal not only to the casual reader, but to the student as well.

ACCORDING to the report of the registrar of one of our leading universities, only 23 per cent of the freshmen entering that institution ever graduate. One of the first reasons given for this unusual condition is financial trouble.

WITH the slogan, "Good Teeth Mean Good Health, Good Students, Good Athletes and Good Looks," the St. Paul Council of Parent-Teachers Associations is sponsoring a dental health education contest.

Pequot, Minn., Feb. 17, 1931.

Editor Brainerd Dispatch:

The reduction of the proposed minimum water level in the Whitefish Lake system, back of the Cross Lake dam, from 11 to 9 feet will leave many of the low water problems unsolved. There will still be many overflows in which game fish will be trapped and shorebirds between lakes will be dry or nearly so at this stage of water. A 9-foot head would seem to indicate a good deal of water but the reading at the Cross Lake dam is now practically 7 feet and the water in the upper lakes is only beginning to rise. This is due to the fall between Big and Little Whitefish, Rush Lake and Cross Lake. A 9-foot head means, therefore, only a 2-foot rise above the present low water levels of the upper portion of this lake system.

Minimum levels for the other reservoir lakes of the state were left as suggested by the Minnesota Lake Levels Association, and it seems strange that the Whitefish system should be the only one from which additional water is to be drawn. Perhaps there is a good reason why this lake system should supply all of the additional water required, but if so it would seem that the combined forces that make up the Minnesota Water Levels Association should make it their business to see that this lake system is safeguarded so far as is possible.

The damage that a 9-foot minimum will do can be mitigated to a degree by an appropriation that will make it possible to operate a dredge on these lakes to deepen and maintain channels between the lakes, open and clean the overflows, and clean up the stumps and snags that in low water menace navigation and produce unsightly shores.

The Whitefish system residents have been an integral part of the Minnesota Lake Levels Association, and have done their part in bringing about the new regulations that give protection to the other reservoir systems of the state. They have a right to ask that their lakes receive the same degree of consideration the others have, and to insist that the lake levels association has not completed its mission, nor has Congressman Knutson been able to fulfill his pledge until this has been brought about.

BENN WAGNER.

SUMMON RELATIVES TO BEDSIDE OF MELBA

Melbourne, Australia, Feb. 18.—(U.P.)—Relatives of Dame Nellie Melba were summoned to her bedside today when the famous opera singer lost strength after an illness of several weeks.

Melba was unable to leave her steamer when she arrived in Australia from England, suffering, it was said, from a skin disease contracted on her trip through the tropics.

Record Grapevine
The bureau of plant industry says that the largest grapevine is at the Alisa school house in Carpinteria, Calif. It requires more than one-half acre of ground and yields on the average of 10 tons of grapes per annum. One year the yield was as high as 14 tons. The first election of Santa Barbara county, a gathering of about 800 people, was held beneath this grapevine.

BLIND LAKE

Mr. and Mrs. Wm. Shepard spent last Tuesday evening with Mr. and Mrs. Win Robideau. The Blind Lake school gave a short program last Thursday evening, which was followed by the giving out of Valentines. No school was held on Friday. Among the visitors at the school Thursday were Mrs. C. Hilderbrand and her mother Mrs. A. Beals, Mrs. Alf Wickham and daughter Mrs. Dave Dauber, Mrs. Win Robideau and Mrs. H. McKee. Those attending the creamery meeting last Saturday from out this way were Mr. and Mrs. J. Dauber, Fred McKee, E. Peterson, Mr. and Mrs. Roy Hardy, Miss Coppee and nephew Charles Coppee. Valentine's day being the 25th wedding anniversary of Mr. and Mrs. J. Dauber, a large crowd surprised them and helped them to celebrate the occasion. The guests numbered 31. The evening was spent in games and visiting, and a lovely lunch was served at midnight. All wished Mr. and Mrs. Dauber many more such happy occasions.

WABEDO

They say a mule seldom ever dies only from old age, unless an accident happens to them, so we think old Kato died of old age, as Gust Bleisner found his white mule down and unable to get up any more. Mrs. H. Hinshaw and son Jim entertained the young folks last Wednesday night at a dancing party which they all enjoyed very much. Mr. and Mrs. S. Whitted spent last Friday at the Ernie Siltman home in Pontoria. Theo. Albright and Robert were callers in this neighborhood last week. Mrs. Geo. Felton and Nadine of Pine River spent a few days last week at the Ralph Felton home. The Pine River creamery meeting

and picnic was enjoyed by several from out this way last Saturday. Claude Whitted spent a few days this week at Boy River. Mr. and Mrs. Evert Felton and baby and Grandpa Felton spent Sunday at the Ralph Felton home. Mr. and Mrs. H. S. Gilbert took dinner Sunday at the Geo. Ruscoe home, in the afternoon the Gilberts and Ruscoes called at the S. Whitted home. Mr. and Mrs. Lewis Brockhagen entertained at 7 o'clock dinner Saturday evening, covers being laid for 26. The evening was spent playing 500 at three tables, while the young folks danced. Lunch was served at 12 o'clock. All enjoyed a good time. Mr. and Mrs. Victor Uhlig won head prizes while Mrs. S. Whitted and Frank Brockhagen won consolation prizes. Mr. and Mrs. Ralph Felton and family had supper Monday night at the Whitted home. Ralph Felton was a Pontoria visitor Tuesday morning.

MILDRED

Mr. and Mrs. Maegher have moved in on the farm formerly owned by Mrs. Al Mustard. The new neighbors are from Minneapolis. Those attending the Land O'Lakes annual meeting in Pine River Saturday were Mr. and Mrs. T. G. McCabe, Pat Degnan and son Arthur, Mr. and Mrs. C. M. Swift and son Harlan, Mr. and Mrs. Frank Swift and family. Mr. and Mrs. T. G. McCabe and daughter Margaret and Harry Rhoades were Sunday dinner guests at Frank Swift's. Mr. and Mrs. Tenny Adamson called on Mr. and Mrs. Maegher Sunday afternoon. Mrs. Hanson and her mother, Mrs. Hoffman called at the McCabe home one day last week. Miss Margaret McCabe and Harry Rhoades were Brainerd shoppers Saturday. Mr. and Mrs. T. J. McCabe and daughter Margaret attended the show last Thursday night in Pine River.

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Bailemann's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.

That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Bailemann's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package, at any good drug store. Price 5c.

LIVESTOCK, PRODUCE AND GRAIN MARKETS

LIVESTOCK PRICES DECLINE
South St. Paul, Feb. 18.—(UP)—Opening of the Lenten season, continued heavy hog runs and unseasonably warm weather forced livestock markets to lower levels today. Hog prices declined 15¢ to 25¢ to the all time low levels of July, 1924. Top hogs scaling 150 to 210 lbs were selling at \$6.75¢ to 7¢ per hundredweight at the opening. Heavier weights were down to \$5.75.

Although cattle were in meager supply today, undertones on all classes were weak to lower with bulk steers and yearlings selling at \$6.50¢ to 8¢. Sheep were scarce and fat lambs were being held for stronger prices. Sellers were asking \$8.50 for best fed westerns.

Bad Stomach Cause of Bad Skin

You can't expect to have a good clear fresh-looking complexion if your stomach is weak and disordered.

Undigested food sends poisons through your whole body, pimples appear in your face, skin grows sallow and muddy and loses its color. Your tongue becomes coated, breath most unpleasant. But these troubles will end quickly and skin clear up if you will start today taking that simple herb compound known to druggists as Tanlac.

Tanlac contains nothing but herbs, barks and roots which have a cleansing, healing effect on a poor upset stomach. Just a teaspoonful before each meal stimulates the digestion naturally so that you can eat what you want without fear of distress. And when your stomach is in good shape again see how much keener your appetite is—watch how quickly skin begins to grow free of disfiguring eruptions. The cost of Tanlac is less than 2c a dose. Get a bottle from your druggist today. Money back if it doesn't help you.

Sore Throats and Coughs
Quickly Relieved by this Safe Prescription
Here's a doctor's prescription called Thoxine that is really throat insurance. Its success is due to its quick double action. With the very first swallow it soothes the sore throat and stops the coughing. It goes direct to the internal cause. The remarkable thing about Thoxine is that while it relieves almost instantly it contains nothing harmful, and is pleasant tasting and safe for the whole family. Singers and speakers find Thoxine very valuable. Put up ready for use in 35c, 60c and \$1.00 bottles. Your money back if not satisfied. Sold by Skauge Drug Co. and all other good drug stores. advt.
